

ARCHITECTURAL DESIGNER/DRAFTSPERSON

Established Architecture and Interior Design Firm with studio in Huntington, NY, seeks highly talented and motivated individuals for diverse projects, competitions and conceptual design explorations. Design-oriented practice includes projects for designer showrooms, restaurants, retail stores, commercial office space, and high-end residential projects here on Long Island, in NYC and Nationally.

Candidates must have an accredited degree in architecture; good construction knowledge and 3-5 years construction drawings experience, CADD proficiency, and excellent presentation and communication skills. 3D Visualization experience a plus. Salary commensurate with experience.
